Padre Pio's Hospital In The USA...

Padre Pio is a very famous contemporary saint who continues to touch many lives with miracles even today. He was a Capuchin friar who bore the five wounds of Christ, a confessor, a miracle worker, a saint, and the founder of the Casa Sollievo della Sofferenza (His "Work") in Italy.

Padre Pio's Casa is a world renowned international referral hospital, considered one of the best in its class. It is also a model of truly faithful Catholic healthcare delivery in a very secular world.

On October 1, 2009, this Vatican-owned hospital executed a formal Collaboration Agreement with Catholic Healthcare International (CHI) to replicate Padre Pio's hospital, called the "Home For The Relief Of Suffering", in the United States...as a "Beacon of Light" in a secularized culture which continues to slip further each year from its Christian foundation.

As Padre Pio said, we will build a "Cathedral of Love", "A Clinic for the Body & the Soul", to serve the "Twice Jesus" in the poor and the sick. The Casa USA will be the fruition of the long awaited vision expressed by the Director originally chosen by Padre Pio to build his hospital in Italy:

"The Casa Sollievo della Sofferenza should therefore be the first link in a great chain. It should be the model for many other innumerable Casa's with the same name and above all the same spirit, which must bring love to all of humanity. A program which would make us tremble with awe if it was not inspired by God who is above all Love!"

- Dr. Guglielmo Sanguinetti 1950

...& A Faithful Catholic Medical School Too!

Just as the Casa USA hospital will be a "Beacon of Light" and model of truly faithful Catholic healthcare delivery in our ever-secular society, a similarly faithful medical school is needed to train Catholic physicians to practice faithfully amid the challenges they will face in the world.

We will develop a Catholic medical school that is completely faithful to the Magisterium of the Catholic Church and obedient to the Bishops in all matters of faith and morals.

CASA USA THREE PILLAR VISION

It will be a haven for Catholic medical professionals seeking to arm themselves with the tools to practice in Truth.

St. Pio Eucharistic Adoration Chapel on the Casa USA Campus

Thanks to the generous donation of 40 acres of land by the Diocese of Lansing, we are developing the **Padre Pio Prayer Campus** as the foundation of prayer support for our entire Casa USA vision. This peaceful and serenely inspirational campus features a beautiful mural of Our Lady of Grace, the "Pray, Hope & Don't Worry" altar, a life-size bronze statue of Young Padre Pio, and miles of themed trails through the woods including: 1) **The Stations of the Cross Trail** commissioned to American Artist Joseph Chovan and incorporating Padre Pio sharing in the passion of Jesus on His journey to Calvary; 2) **The Medical Saints Trail** with beautiful original marble statues of saints who served their lives in a healthcare ministry; 3) **The Memorare Trail** honoring Our Blessed Mother with a meditation of the beautiful "Memorare" prayer and culminating with a life-size marble statue set of Our Lady of Fatima and the shepherd children; 4) **The God Writes Straight with Crooked Lines Trail** featuring the life stories of saints who persevered great struggles in life...And ultimately our St. Pio Eucharistic Adoration Chapel.

Beyond the Prayer Campus,
also planned:

Phase 2

- A **Terri Schiavo Home for the Brain Injured** in collaboration with a world-class medical center.
- **Padre Pio School for the Relief of Suffering, School of Osteopathic Medicine**, in collaboration with a faithfully Catholic University.
